4BLOCKS KOREAN

Name: _____

Hangul Sounds #9
Worksheet

ㅑ ㅕ ㅛ ㅠ

One more dot = add a y sound!

아 → 야 · 어 → 여 · 오 → 요 · 우 → 유

Trick: a very quick 이, then slide. 이-아 = 야

1 Add one more dot

Look at the basic vowel. Draw the new vowel with **one more stroke**, then write its sound.

Basic	+ one dot (draw)	Sound (write with ㅇ)
ㅏ		
ㅓ		
ㅗ		
ㅜ		

2 Trace and write

야	야	야			
여	여	여			
요	요	요			
유	유	유			

3 Match the letter to the sound (draw a line)

ㅑ ●	● yo
ㅕ ●	● yu
ㅛ ●	● ya
ㅠ ●	● yeo

4 Read the words

Read each word out loud. Circle the y vowel. Write the meaning.

Meanings: **yuzu (citrus)** **fox** **yo-yo** **baseball**

Word	Sounds like	Meaning
야구	ya-gu	
여우	yeo-u	
요요	yo-yo	
유자	yu-ja	

5 Tall or flat?

Tall vowels stand on the **right** of the consonant. Flat vowels go **under** it. Sort: ㅑ ㅕ ㅛ ㅠ

Tall (right side)	Flat (underneath)

6 The chant: fill in the missing vowel

Write the right letter in each blank. Then chant it with Hana!

ㅇ_ ㅇ_ ㅇ_구! (baseball)

ㅇ_ ㅇ_ ㅇ_우! (fox)

ㅇ_ ㅇ_ ㅇ_ㅇ_! (yo-yo)

ㅇ_ ㅇ_ ㅇ_자! (yuzu)

7 Find the y vowels in the sentence

여우가 유자를 먹어요!

The fox eats yuzu!

Circle every ㅑ ㅕ ㅛ ㅠ. How many did you find? _____

8 Write your own

Copy the sentence. Then make one more word with 야, 여, 요 or 유 (hint: 여기 = here).
